

Your slides. Your voice.

One calm place to record your next presentation.

A private script. A clean 16:9 video.

Less setup. More clarity.

01

Open your PDF

Keep the layout you designed.

02

Prepare your words

Your script stays beside the slide.

03

Record at your pace

Pause, change slides, and resume.

Ready when you are.

A short check before the real take.

OUTPUT

1280 x 720 / MP4
